#### Spelling Practice Activity

##### Dear Family,

Ask your child to write the spelling words correctly on a separate sheet of paper. As you work with your child to practice this week's words, try the following activity.

Have your child write each spelling word on an index card or a piece of paper. Then help him or her sort the words into three groups by part of speech: **nouns**, **verbs**, and **adjectives**.

Put each group into a labeled envelope. Take the words from one envelope, read each word aloud, and have your child write the word. Check the spelling. If it is correct, give the word to your child. If the spelling is incorrect, return the word to the envelope. Do this with the words in the other two envelopes. If necessary, use the words in sentences for context.
